

# GREEN AUDIT REPORT

**2022-23**

**GOVT. DIGVIJAY AUTONOMOUS PG COLLEGE,**

**KILLAPARA, RAJNANDGAON,  
CHATTISGARH-491441, INDIA**

**GOVT. DIGVIJAY AUTONOMOUS PG COLLEGE,**

**A Report on**

**Green Audit/ Environmental Audit/ Energy Audit**

Prepared By: Mrs. Himani singh (IMS Leader)  
Date 15.12.22

Approved By: Dr. K.L. Tandekar (Principal)  
Date 19.12.22

## Principal's Desk

Education is the base for a thriving society, and the transfer of knowledge has been a top priority for civilizations since the very beginning. It stands for the onward march of the human race towards higher objectives. In this direction, higher education institutions play a very significant role as they provide students' access to the world class teaching methods, inclusive education and employment too. To achieve these goals the higher education institutions need clear cut vision, innovative leadership and good infrastructural services for integrated action which leads to the progress of a society.

Keeping these views in mind our college, one of the foremost institutions of higher learning in the state, strives to materialize the visionary zeal of its great founder, Raja Mahant Digvijay Das, to provide quality education to all sections of society irrespective of caste and creed and to inculcate in them human values like truth, mutual love and non-violence. Our motto is "Knowledge is the adornment of us all". Its exhortation is 'Where the mind is without fear and the head is held high, where knowledge is free, O God, let my country awake'. It not only promotes and reflects the vision of freedom and development but acts as a living organism to support and sustain it.

We are living in a world of cut throat competition. Drastic changes and developments are taking place in the field of education at every nanosecond. In order to keep pace with the modern developments we have to make our youth fully competent with their counterparts in any other part of the world. Our emphasis, as stakeholders of higher education institution, is on quality and to achieve this we have to introduce the most modern educational technology in teaching, learning and in developing students' creativity with originality. The mindset of the students, parents and the teachers have to be changed.

The college has been innovative, creative and entrepreneurial in its approach to the development of skill among students. To keep pace with the development in the spheres of human endeavor, the campus community is equipped to make the optimum use of ICT. The college has the potential to be an autonomous institution and a center of excellence. Our striving for excellence in all aspects will be the fulfillment of the noble dreams of our great founder.

Since our nation has an ancient culture, deep rooted traditions and values, our college too focuses on nourishing, developing and flourishing human values in our students. Value Education, CCA activities, etc are organized for all students to inculcate desirable and positive values among them. This helps the parents, teachers, leaders, professionals and the students to get their share of respect and recognition in the society. As our great President Dr. APJ Abdul Kalam observed "Education in its real sense is a pursuit of truth. It is an endless journey through knowledge and enlightenment". Such a journey opens up new vistas of development of humanism, where there is no scope, nor room for pettiness, disharmony, hatred or enmity. It transforms the human beings into a wholesome whole, a noble soul and an asset to the entire universe. This institution continues to excel in providing citizens of caliber to our country and respond to the call, to break the fetters of ignorance and illiteracy.

I request our wonderful student community to imbibe the tremendous spirit of moral values to strive hard, to make use of the best facilities and to achieve the excellence in academics as well as in sports, games and all other extra-curricular activities in order to become the real asset to the entire world.

  - i. Energy Consumption and Management.**
  - j. Solar System Installed In the Campus.**
- Conclusions**

## Introduction:

Green Audit is a process of systematic identification, quantification, recording, reporting and analysis of components of environmental diversity of institute. It aims to analyze environmental practices within and outside of the concerned place, which will have an impact on the eco-friendly atmosphere. Green audit is a valuable means for a college to determine how and where they are using the most energy or water or other resources; the college can then consider how to implement changes and make savings. It can create health consciousness and promote environmental awareness, values and ethics. It provides staff and students better understanding of Green impact on campus. If self-enquiry is a natural and necessary outgrowth of a quality education, it could also be stated that institutional self-enquiry is a natural and necessary outgrowth of a quality educational institution. Thus it is imperative that the college evaluate its own contributions toward a sustainable future. As environmental sustainability is becoming an increasingly important issue for the nation, the role of higher educational institutions in relation to environmental sustainability is more prevalent.

The rapid urbanization and economic development at local, regional and global level has led to several environmental and ecological crises. On this background it becomes essential to adopt the system of the Green Campus for the institutes which will lead for sustainable development and at the same time reduce a sizable amount of atmospheric CO<sub>2</sub> from the environment. The National Assessment and Accreditation Council, New Delhi (NAAC) has made it mandatory that all Higher Educational Institutions should submit an annual Green Audit Report. Moreover, it is part of Corporate Social Responsibility of the Higher Educational Institutions to ensure that they contribute towards the reduction of global warming through carbon footprint reduction measures.

## Objectives:

In recent time, the Green Audit of an institution has been becoming a paramount important for self-assessment of the institution which reflects the role of the institution in mitigating the present environmental problems. The college has been putting efforts to keep our environment clean since its inception. Therefore, the purpose of the present green audit is to identify, quantify, describe and prioritize framework of Environment Sustainability in compliance with the applicable regulations, policies and standards. The main objectives of carrying out Green Audit are:

- To understand the awareness of employees and learners towards environmental conservation
- to recognize the initiative taken by organization towards environmental conservation
- to understand and recognize the effects of an organization on the environment and *vice versa*
- to ensure that the natural resources are utilized properly as per national policy of environment
- to study waste minimization and safe disposal of waste particularly hazardous wastes
- initiatives for water and energy conservation
- contribution and participation by various stakeholders in the environmental conservation and management
- to diagnose and find out solutions for the environmental problems
- to facilitate the stakeholders with different aspects of disaster management

## Scope and Goal of Environmental Auditing

Government of India through its National Environment Policy in 2006 has made mandatory for every organization to conduct green audit / environmental audit in order to ensure a clean and healthy environment within and outside the organization. Further, it also helps in effective learning and provides a conducive learning environment. Efforts are taking place around the world in order to address various environmental issues. Green auditing or environmental auditing is one among them for educational institutions. Green auditing helps organization to understand various environmental issues of the organization and identify existing lacuna or gap towards meeting the objective of National Environmental Policy and thus, to plan accordingly.

## Methodology:

The purpose of the green audit of GDACR is to ensure that the practices followed in the campus are in accordance with the Green Policy of the country. The Methodology includes: collection of data, observation and review of the Documentation and data analysis.

## About The College:

Govt. Digvijay Autonomous PG College (GDACR) was founded on 13<sup>th</sup> July, 1957 as a private college established by Rajnandgaon Education Society donated by revered prince Mahant Raja Digvijay Das ji. The college was taken over by the state government on 27<sup>th</sup> August 1973 and has completed SIXTY years of its glorious existence in the year 2017. In 2007, we celebrated '**Golden Jubilee Year**' In year 2018, we have celebrated the '**Diamond Jubilee Year**' of our institution. The growth of the institution has been remarkable. The college which started with 73 students encompasses more than 5000 students today. The College stands like a colossus, proud of thousands of alumni that adorn positions of prominence in different walks of life, thanks to the education that they received in their alma mater. The college was conferred the autonomous status by UGC in 1992-93. Our institute, which has a historical legacy and prosperous heritage, is striving hard today to adapt the new advanced technological methods of teaching-learning to compete with the global needs of present scenario. The courses, as per the need of today's competitive IT world, have been started in the college and are running successfully. The institution got CPE (College with Potential for Excellence) status by the UGC. Commerce department of our institution was declared the Centre of Excellence in the year 2005-2006 by the state government. The **Pride of our college** is that three national/international level literary personalities; Gajanand Madhav Muktibodh, Dr. Padumlal Punnalal Bakshi and Dr. Baldeo Prasad Mishra; have given their contributions as faculty members in the growth of this institution. **The college is also ISO 9001-2015 And ISO 14001:2015 Certified.**

## Academic Offerings

The institution is offering –  
34 courses including 7 UG courses, 18 PG courses, 2 diploma courses, 2 PG diploma courses, 4 Add-on courses and 11 certificate courses.

Presently 4 departments; Hindi, Economics, Chemistry & Commerce; are recognized as research centers and these are conducting and promoting research work. Proposal for 5 other departments for research Centre has also been sent. At present the students' strength of the college is 5078.

### Laboratories:

The institution has well equipped and effectively functional **17** laboratories and **1** central laboratory for all subjects including science laboratories viz. Physics, Chemistry, Botany, Zoology, Microbiology, Anthropology, Geology and Biotechnology & Arts labs viz. Geography and Home Science. Other than this we have three computer Labs (in Commerce, arts & science respectively), one Sanskrit Lab, one Commerce Lab, English Language Lab & Mathematics Lab.

### Central Laboratory:

We have established a central laboratory for research purpose. The laboratory is equipped with instruments (RTPCR, AAS, UV Spectrophotometer, Flame Photometer, Gel Doc, Binocular Microscope) on Soil Analysis (Micro and Macro nutrients), Water Analysis (Chemical and Physical parameters), Food Adulteration Analysis, Industrial Pollutant Analysis, Heavy Metal Analysis (like Arsenic, Mercury, Molybdenum, Zinc, Iron etc.), Plant Extraction Analysis, DNA test, Sickle Cell test, Diagnosis of Genetic Disease, Genetic Counselling, Screening of Genetic Disease, Diagnosis of Inherited Disease.

Three NCC units- NCC Boys, NCC Girls and NCC Naval are functioning in our institution. Since last 16 years two or three cadets are participating in the RD parade every year and YEP. Near about 700 students have been selected for Armed Services till date.

The **NSS** unit is also active in organising various social activities. Some of these activities are: Leprosy Awareness Programmes, Cleanliness Programmes, Plantation, Environment Conservation, Water Conservation, Blood Donation, Gender Sensitization, etc.

In addition to NCC and NSS, we also have Youth Red Cross unit in our institution, which is actively involved in the activities like Blood donation, free medical check-

up, Distribution of warm clothes to the poor and needy, plantation of saplings, cleanliness awareness, etc.

### Distant Learning Centres:

Our institution has Distant Learning study centres of Indira Gandhi National Open University and Sundarlal Sharma Open University. A course of BA in Journalism and Mass Communication is also being run in the campus affiliated to Kushabhau Thakre University.

### Triveni Literary Museum:

Established in the Historical palace donated by Mahant Raja Digvijay Das of Rajnandgaon Estate and surrounded by water bodies from three sides, Govt. Digvijay PG Autonomous College, Rajnandgaon is famous for the renowned literary personalities like Shri Gajanan Madhav Muktibodh, Shri Padumlal Punnalal Bakshi and Shri Baldeo Prasad Mishra who have contributed their immortal works to the world of literature during their life time. “Triveni Literary Museum” constructed on the bank of the pond to commemorate these three famous personalities reminds us of their literary contributions.

## VISION

To provide quality education to the students of rural and tribal belt of the surrounding areas and to develop skills in students by keeping balance between the traditional human values and the new global challenges.

The motto of the college “*Vidya Sarvasya Bhushanam*” (*Knowledge as the ornament for all*) has been the guiding force, the philosophical firmament and constant source of inspiration of the college ever since its inception. The institution aims to provide higher education to as many deprived and unprivileged youth as possible. The college community has always been dedicated to live up to the spirit of the core values of the college inspired by its motto – *Distribution of knowledge to all without any discrimination.*

## **MISSION**

To empower the students from diversified background of this region by providing them holistic education with scientific temper and logical thinking and to make them socially committed and compassionate individuals.

- To achieve integrity through excellence in teaching, learning and research.
- To involve students in community service and promote responsible leadership qualities in them.
- To promote environmental consciousness, cultural heritage, social, spiritual and human values.
- To improve employability and professional skills among the students

## **CORE VALUES**

- Quality Education
- Holistic Development
- Professional Ethics
- Leadership Qualities
- Human Values

## **AUDIT OBJECTIVES**

Green Audit was initiated in the beginning of 1970's, with the motive of inspecting the work executed within an organization, whose exercises could cause risk to the health of inhabitants and the environment. It exposes the genuineness of the proclamation made by the organization with the concern on health issues. As a consequence of their

operations with respect to environmental pollution it is the duty of the organization to carry out the green audit of the ongoing processes for various reasons, such as,

- To make sure whether one is performing in accordance with the relevant rules and regulations,
- To improve the procedures and aptness of material in use,
- To analyse the potential duties and to determine a way which can lower the cost and to the revenue.

Through green audit one gets adoration as to how to improve the condition of the environment. There are various factors that were forced upon and determine the growth of/or conduct of green audit. Incidents like,

- Decade's old Bhopal gas tragedy that has left its residual effect which still haunts us.
- Our buildings catching fire due to various reasons,
- Industries blowing off taking valuable human lives etc.
- People going sick, feeling tired, after long hours of operations in the organization, increased demand of generators due to inconsistent power supply, which has resulted or lead into recent floods and droughts, are some of the situation to ponder about.

To address various issues in context with human health, green audit is assigned to "Criteria 7" of NAAC (National assessment and accreditation council)

Accreditation. NAAC is a self-governing organization in India that declares the institutions as Grade "A", Grade "A+", Grade "A++"..., according to the scores assigned at the time of accreditation.

The other intention of organizing green audit is to update the environment conditions in and around the institutions i.e., within the compound and outside the compound. It is carried out with the aid of performing certain tasks like waste management, energy consumed, diesel burnt it performing the objective of the organization. Lastly to self-assess the net carbon footprint of the conduct of process in the organization.

## **Benefits of the Green Auditing**

- Empower the organizations to frame a better environmental performance
- More efficient resource management
- Benchmarking for environmental protection initiatives
- To provide basis for improved sustainability
- To create a green campus
- To enable waste management through reduction of waste generation, solid-waste and water recycling
- To create plastic free campus and evolve health consciousness among the stakeholders
- Recognize the cost saving methods through waste minimizing and managing
- Point out the prevailing and forthcoming complications
- Authenticate conformity with the implemented laws
- Enhance the alertness for environmental guidelines and duties
- Impart environmental education through systematic environmental management approach and improving environmental standards.
- Financial savings through a reduction in resource use
- Development of ownership, personal and social responsibility for the College and its environment
- Enhancement of college profile
- Developing an environmental ethic and value systems in youngsters.
- Green auditing should become a valuable tool in the management and monitoring of environmental and sustainable development programs of the college.

## Role of Management in Green Management

- The part played by the college management in bringing the campus to a green one is adorable.
- The following were the initiatives by the college authorities in green management:
  - The management developed separate teams for implementing green policy in the campus.
  - Regular evaluation system has been established with monitoring cells for green activities in the campus.
  - The management has allotted budget for implementing green policies in the campus.
- The green monitoring cell evaluates developmental and functional activities and makes recommendations for improvement of the green aspects.
- These recommendations are implemented without delay and fail.
- Clubs that are related to green activities are encouraged to conduct programs in and around the campus.
- The management is keen on the social commitments and tries to reach out to the general public through teachers and students.
- The management is keen in conducting awareness programs based on its green policies.
- The support and part played by management is vital in the green campus related activities.

## Audit Report

### Land Use System

Government Digvijay Autonomous PG College, Rajnandgaon, is located in between two large Ponds- Rani Sagar and Budha Sagar., Killapara, Rajnandgaon, Chattisgarh-491441, India The institution is expanded in about 10.5 acres of land in its first part and the second part of 5 acres is under construction. The college has 49 well ventilated classrooms, 16 labs including English, Mathematics, Central Lab & Sanskrit Labs, multi-purpose Auditorium, Boys/Girls Hostel and Outdoor Track & field. The up-gradation of the infrastructure continues with changing classrooms in to smart class and up gradation of traditional blackboards into green boards. All PG departments have Projectors; we have four smart classes and one e-classroom with equipment's having modern and latest technology. We have a zoology museum, botanical garden, green house, a well-established and computerized rich library, a fully AC meeting room & one conference hall, e-library, fully AC Reading Room having special sitting arrangement for research scholars & specially-abled students, Gymnasium and Canteen.

Scaled image of college campus is shown in Photo 1. Green color in Map is representing green area. The Google aerial views of College Campus have been showing different college buildings, sports stadium, hostels and residential areas.

Photo: Aerial View of College Campus (Source: Google-Earth)

The college has sufficient infrastructure and learning resources for academic and extra-curricular activities. The royal building of the institute is spread over 10.5 acres. The Campus has an ideal educational ambience having 44 classrooms, 7 conventional science labs, 1 Mathematics lab, 1 English Language lab, 1 Sanskrit Lab, 1 Commerce Lab, 1 Geography lab, 1 Geology lab, 1 Central Instrumentation Lab, two seminar halls, one auditorium, 1 computer Science lab, a well-equipped central digital library having approx. 95000 books and eBooks, one spacious fully Ac reading room, 1 e-classroom, 4 smart class-rooms, one gymnasium, indoor sports facility for badminton, Table Tennis, Chess, basketball, kabaddi, 1 ATM (SBI), water coolers with RO purifiers, campus with Wi-Fi connectivity. Audio-visual teaching aids like, interactive boards, overhead projector, slide projector, laptop, handy cam, headphones etc. are available for use. We also have our own collection of musical instruments like harmonium, tabla, and home theatres to support the students in cultural activities.

College have **Words Worth software** in the English Language Lab. College libraries (central library and departmental libraries) have a rich collection of books, newspapers, magazines, journals and periodicals. It has internet facility for its users. A huge and well-kept AC reading room in the main library is available to serve students, research scholars & staff. The institution has well equipped laboratories with different types of apparatus, chemicals, instruments, manuals and all modern amenities for conducting experiments. Uninterrupted electricity supply is ensured with solar power unit installed inside the college campus.

Photo: Autonomous Cell

Photo: College Canteen

There are four smart classes and one e-classroom with modern and latest technology. We have a Zoological Museum, Botanical Garden, a well-established digital library, e-library, fully AC Reading Room having special sitting arrangement for research scholars & specially-abled students, Gymnasium, Canteen. Three NCC units- NCC Boys, NCC Girls and NCC Naval are functioning in our institution and separate rooms are provided to these different

bodies being functioned inside the campus for smooth functioning.

The NSS unit of our institution is being functioned from a separate block, which gives them ample space for the planning and execution of various activities. We have Youth Red Cross unit in our institution, which is actively involved in social activities “Triveni Literary Museum” is constructed to commemorate three famous personalities, Muktibodh, Bakshijee and Baldeo Prasad Mishra for their literary contributions.

100 seated Boys and Girls Hostels are under construction. Boys Hostel is being constructed in the new campus and Girls hostel is being constructed in the old campus. Total cost sanctioned by the government for the purpose is 272.81 lakh for each hostel. Total sanctioned amount is 525 lakh. 7 Staff Quarters have been allotted to staff of the college inside the campus.

## **Diversity**

### **Climate And Diversity**

**A** High Temperature + High Rainfall + High Humidity = Hot & Humid Climate → Highly Diversified Flora & Fauna.

**B** Low Temperature + Low Rainfall + Low Humidity = Cold & Dry Climate → Lowly Diversified Flora & Fauna.

**C** High Temperature + Low Rainfall + Low Humidity = Hot & Dry Climate → Highly Diversified Flora & Fauna.

### **Altitude And Diversity**

High Elevation + Low Temperature + High Snowfall = Cold Climate → Lowly Diversified Flora & Fauna.

Low Elevation + High Temperature + High Rainfall = Hot & Humid Climate → Highly Diversified Flora & Fauna.

## Biodiversity Status

The GDACR is sandwiched between two most important ponds Ranisagar and Budasagar hence the GDACR is natural host of different kinds of flora and fauna. Apart from this institutionally developed gardens are also the site of biodiversity.

### Botanical Garden

The institution has a rich Botanical Garden with rare medicinal plants.

|                       |
|-----------------------|
| Vitex Negundo Sps,    |
| Euphorbia Sps.,       |
| Santalum Album,       |
| Cycus Revoluta Sps.,  |
| Bauhinia Verigata,    |
| Moringa Sps.,         |
| Withania Somnifera,   |
| Rauwolfia Serpentina, |
| Athotoda Vasica.      |

The botanical garden of GDACR is approximately 50x80 feet area with Medicinal, ornamental, commercial and some rare plant varieties (Plate XII). The plant sample uses in the experiments of botany, biotechnology and microbiology is fulfill by the botanical garden. It is maintained by both teaching and no teaching staff. The Principal work as a Patron and Professors/Asst. Professors from Botany and Biotechnology work as officers bearers of the garden maintenance committee and a full day non-teaching staff work to enrich the garden. Apart from this students of NCC and NSS contribute to clean and plantation of garden.

Few common plants available in the botanical garden are:

|             |
|-------------|
| Neem,       |
| Karanj,     |
| Nigur,      |
| Alove Vera, |

|                |
|----------------|
| Hadjod,        |
| Jangali Haldi, |
| Brahmi,        |
| Chitrak,       |
| Kev Kanda,     |
| Satavri,       |
| Brayophilum,   |

### Departmental Garden

Many individual departments also maintaining departmental garden with the aid of pots and other methods. These department includes Botany, Biotechnology, ComputerScience, Geography etc.

### Other Gardens and Green Zone

Apart from the botanical and departmental garden many other gardens and green zone are also available in the GDACR (**Plate XII**). Plants of rest of garden mainly include lawn and ornamental plants. Staff colony, front of administrative building, front side of chemistry

Department, behind of new hall, cycle stand and botanical garden are green zone covered with tree plants. The complete vegetation area estimates 1/3 of the total.

### Bhoolan Bag

The old Rajnandgaon fort and the current GDACR was also the place of a garden which contain plant that has characteristics to loss the memory of individual who feet upon the plant. That's way the garden was named as "Bhoolan Bag" which means the garden of forgetting. Later on the plant was characterized as *Tylophora rotundifolia*. The Bhoolan Bag is not in the existence from few decades, but now the GDACR and Municipality wants to reestablish it.

As the GDACR is sandwiched between two large ponds Ranisagar and Budasagar hence the premises is rich in the aquatic and other faunal diversity. The botanical garden is habitat of birds and butterfly (Plate XIV). The table 2 showing diversity of animals seen in the campus of GDACR.

Fig 1: botanical garden

Fig2: Green zone college Gate

### Animal Museum

As earlier noted the present campus of GDACR was the fort of old Rajnandgaon state. As per the Kings civilization Raja Digvijay Das mahant poaches Tiger and Crocodile from the forest of Churria. The GDACR is conserving the animal hunted by King in a small museum. The animals were chemically stuffed with traditional methods

Table 2: Animal biodiversity of GDACR

| S. No. | Animal Group | Animal Surveyed            |
|--------|--------------|----------------------------|
| 1      | Arthropods   | Mosquito                   |
|        |              | Spider                     |
|        |              | Scorpion                   |
| 2      | Worms        | Earthworms                 |
|        |              | Leech                      |
| 3      | Fishes       | Oreochromis<br>Mossambicus |
|        |              | Oxygaster bacaila          |
|        |              | Puntius sarana             |
| 4      | Amphibians   | Frog                       |
|        |              | Tod                        |
|        |              | Tree frog                  |
| 5      | Reptiles     | Lizard                     |
|        |              | Snak                       |
| 6      | Birds        | Crow                       |
|        |              | Hock                       |
|        |              | Carmorant                  |
|        |              | Sparrow                    |
|        |              | Pigeon                     |
|        |              | Heron                      |
| 7      | Mammals      | Cat                        |
|        |              | Bat                        |
|        |              | Dog                        |
|        |              | Rat                        |
|        |              | Monkey                     |
| 8      | Butterfly    | Yellow butterfly           |
|        |              | Papilionoidea              |

Fig: Green Zone

Plastic free campus

The campus is declared and maintained as Plastic Free zone.

Green landscaping with trees and plants

### **Waste Disposal and Management:**

Wastes are generated from various departments/sections of the collage.

The principal waste includes paper, grasses, electronic wastes, canteen waste and other solid wastes. Since, collage operates on ODL modetherefore number of students visiting the campus are comparatively less compared to regular collages.

Therefore, the waste generated through

Classroom activity and student's activities is negligible. Solid waste Disposal of College are Shown in figure of B and other one dustbin for the waste collection.

PLATE XI

A  
Dustbin for Solid waste Collection

B  
Solid Waste Disposal site of College

### **(D)Waste Management**

- **Solid waste management**
- **Liquid waste management**
- **E-waste management Response:**

### **Solid Waste Management:**

1. The used answer books from the Examination Cell and written-off books from the library are sold to the Scrap Dealers time to time. Fund is also generated through this way.
2. The institution with the aid of Municipal Corporation has installed big dust bins in the college campus at various places. Dust bins are also kept inside all the classrooms and in each department. On daily basis the garbage is collected from all the departments, classrooms and common places. They are dumped at one place and collected by the Municipal Corporation. The Corporation further recycles the reusable items and rest is safely disposed.
3. The institution believes in preservation of natural resources. Thus, the damaged furniture is not disposed but is reused through repair. In this way, the institution tries to save and preserve the resources for future generation.

### **Liquid Waste Management:**

1. As the institution also offers Science courses, various science laboratories are located and are functional in the campus. A Soak Pit is attached to each laboratory. The liquid waste of the laboratories is directed to those soak pits.
2. The liquid waste of the department is a part of Municipal Corporation Sewage System.
3. The outlets of all the water taps/resources are linked to the nearby gardens. It gives continuous and effortless supply to the gardens of the institution.

### **E-waste management:**

Besides the above wastes there are another category of waste is E-waste which includes computers, laptops, pen drives, printers, hard discs, CD's and other solid waste, electrical & electronics equipment's generated through different department/sections is disposed and managed by the ICT, maintenance and store department of the university and the details are properly maintain in the stocks register. Thereafter in every five year the concerned departments categorize the useless items in to the wastes and disposed through auction and buyback from the authorized buyers as per the Chhattisgarh Government Rules.

## Pollution

**Sources of air pollution:** It was observed and revealed from data that the only possible sources of pollution in the college use of diesel / petrol vehicles, air-conditioners, power generator, kitchen waste and other biodegradable waste from canteen, use of electronic appliances and other. Wheelers and 05 cycles are being used by the employees of the organization. There are also people who are using environment friendly vehicle i.e., cycle, but the percentage is very low nearly 7%. Further, people commuting through walking are also only 3%. There is

Green auditing is the corporate responsibility to bring out the truth about the statements made by the government and companies with regard to the effects of environment pollution. It reviews the measures taken to minimize and overcome pollution. The green audit is study of the effects of a company's activities and performance on the environment. It is widely known as Environment Audit. The green audit includes inspection of water, Energy, Solid Waste Management, Health and biodiversity. Water auditing includes its utilization, waste water treatment and conservation. The energy utilization within

institution is also very important. Conservation of energy is focused to the energy auditing. Every institution generates solid waste little or more. The management and recycling of solid waste is monitored during green auditing. Similarly activities of some institution also affect the health of workers. Monitoring of such activity and also the health checkup of peoples is considered of not is answered while auditing the institution. Another major aspect is biodiversity. .Therefore monitoring of biodiversity within organization also considered. Very low chances of air pollution from outside as there are no commercial as well as the industrial actives are running near the campus, as the campus is rich in greenery.

**Sources of noise pollution:** It was observed that there is no industrial as well as the sound generating activities near the College campus and it was revealed from that due to limited number of vehicles the chances of noise pollution seems to be quite below of standard limit. Moreover the two generators of the college are also sound proof. There is no other source of noise pollution in the campus.

## **Water Audit**

Water audit is a part of green or environmental audit which are identified with the inspection of work directed inside the organizations whose movement can make risk to the health of inhabitants and environment. The National assessment and accreditation council (NAAC) take a genuine note of this angle while reviewing the educational institute. Along these lines, water audit is performed in the college with various aspects of water such as sources, supply, utilization, disposal etc. On location perception and talk with the related staff was taken up to got the information. Bore wells satisfy the all necessities of institute while prerequisite of staff colonies is fulfill by municipality supply.

### (a) Water resource

The GDACR has own resource of water to supply the whole institution except staff colony. The water requirement of staff colony is fulfill by Municipal

Corporation of Rajnandgaon city. The institution resource includes two bore well and two hand pumps.

(b) Drinking water facility

GDACR is facilitated with water coolers with reverse osmosis (RO) and ultra violet (UV) treatment for drinking water. Detail of drinking water facilities is listed in the **TABLE 1 and Plate III**. The GDACR organizes different examination which includes its own autonomous exams (semester and yearly), university examinations, Vyavsayik pariksha mandal (VYAPM), Public service commission (PSC), Pt. Sunderlal Sharma open university, Indira Gandhi national open university (IGNOU) etc. During summer it is really a difficult task to fulfill the drinking water need to examinee. Soils made vessels were generally used and peons can supply the water to examinee at their exam table.

Table 1: Drinking Water facility in GDACR

| S. No. | Location               | Facility  | GPS Position              |
|--------|------------------------|-----------|---------------------------|
| 1      | Administration Office  | UV and RO | 81°5.481'N to 81°1.844' E |
| 2      | IQAC                   | UV and RO | 81°5.494'N to 81°1.806' E |
| 3      | Chemistry department   | UV and RO | 81°5.485'N to 81°1.818' E |
| 4      | Mathematics department | UV and RO | 81°5.465'N to 81°1.795' E |
| 5      | Botany department      | UV and RO | 81°5.509'N to 81°1.771' E |
| 6      | Botanical garden       | UV and RO | 81°5.513'N to 81°1.813' E |

Institutional water is devoured by the

Laboratories (30-35%)

Gardens (20-25%)

Bathrooms (15-20%)

Boys hostel (15-20%)

Drinking water (10-15%)

Sports ground and other (5-10%)

The seepage in the old construction, reutilization of water and unavailability of

rain water harvesting are the destinations of change in institute. Concluded that, institute has own and necessity based source and supply of water then again locales of improvement was likewise observed

## **Rain water harvesting structures and utilization in the campus**

The institution is located in between two large ponds- Rani Sagar and Budha Sagar. Its unique location helps us in managing the rain water. The rain water collected on the roofs of the building located on the bank of the pond is directly attached to the pond, further improving the water level. The outlets of all water dispensers are directed to the nearby garden in the campus. Eight Rain Water Harvesting Systems have been installed near:

1. Chemistry Department
2. Behind English Department
3. Besides Library Building
4. In front of IQAC Cell
5. New Wing Garden
6. RUSA Building
7. Mathematics Block
8. New Science Building

Fig: The installation of Rain water Harvesting System is adding more to the already sufficient ground water level.

Green Practices • Students, staff using

- a) Bicycles
- b) Public Transport
- c) Pedestrian friendly roads

- Plastic-free campus
- Paperless office
- Green landscaping with trees and plants

Response: Students, staff using

1. Bicycles: As the college is located in the mid of the town, the students from nearby areas and villages use bicycle as the medium to commute.

2. Public Transport: Some students also come from distant places. They prefer public transports like trains and buses. The institution also provides them bus concession forms. The staff of the college also commutes by carpooling.

1. Pedestrian Friendly Roads: No student vehicle is allowed inside the campus. Thus the ground and the passages of the institution are pedestrian friendly.

Plastic free campus: The campus is declared and maintained as Plastic Free zone. Green landscaping with trees and plants:

1. The institution has been developed into a lush green campus.

2. Green House has been established.

3. The Botanical Garden is a treasure having rare and medicinal plants.

4. Mushroom cultivation is being done by the students of microbiology department.

5. Rain water harvesting systems have been installed at various places.

## Govt. Digvijay Autonomous PG College

### Students, staff using Bicycles

### Pedestrian Friendly Campus

## GREEN INITIATIVES

Digvijay College is located in between two large ponds- Rani Sagar and Budha Sagar. It covers an area of about 10.5 acres. The major portion is covered with vegetation. The university aims to protect and conserve its biodiversity, fresh and clean ambiance through many initiatives. The university has taken the following green initiatives to protect and conserve nature.

### Plantation and Nurturing Programme

Many plantation drives are taken by the college on its campus. Every year on 5<sup>th</sup> June i.e. World Environment Day, the college takes Plantation activity. Government. Digvijay College has taken many plantation drives. The Horticulture Section looks after tree plantation activities. The trees are watered by students of various Departments. They nurture these trees throughout the year. Students of various departments and students make the plantation and nurturing program successful. A Many plant saplings of different species (fruit and medicinal plant, etc.) were planted in various sites of the College campus during this year's environment day program.

A

Newly Developed Green Zone in front of Chemistry Department

## **Energy**

Availability of power has a crucial role in economic development of the country. In today's world energy is very precious India ranks fifth in the world in total energy. India installed capacity of electric power generating stations under various electrical utilities was 185.5 GW. India's industrial demand accounted for 35% of electrical power requirement, domestic household use accounted for 28%, agriculture 21%, commercial 9%, public lighting and other miscellaneous applications accounted for the rest (Singh et al., 2012). Energy audit is a testing and analysis of how the enterprises and other organizations use energy. It is an inspection, survey and analysis of energy flow for energy conservation in an institution, process to reduce the amount of energy input into the system without negatively affecting the output.

### **Survey Sites and Study**

All the areas of college have been covered during the survey where electricity is consuming which includes classrooms, laboratories, hostel, administrative building, library, auditorium etc. The energy consuming items were surveyed, conservational strategies were analyzed and further fuel based energy utilization was also taken into consideration.

## **Audit Report**

### **(1) Source and Utilization of Electricity**

The GDACR receives electricity from Chhattisgarh state power distribution company limited, Raipur. The GDACR has own transformer which distribute electricity to every building. The college is lightening by yellow street lamp. The major energy consuming items are tube lights and fans. Apart from this air condition, laboratory instruments, refrigerators, air coolers, bore well

Submersible and water cooler and ICT devices are other power consuming items. Collage is using star rated Electrical & Electronics equipment which saves energy. LED Bulbs/ Tube-light, 4-5 star Rated Air Conditioners.

| Total Lighting requirements | Percentage Lighting through LED bulbs | Percentage Lighting through other sources |
|-----------------------------|---------------------------------------|---|
| 22000                       | 50%                                   | 50%                                       |

**PLATE VI**

**A**  
Star rating AC

**B**  
Star Rating Refrigerator

Fig: Star rated equipment.

**Green computing practice**

Being an academic institution, papers are used for various purposes like exam answer sheets, circulars, notices, office work, document printing, and Xeroxing. Since the trees are cut for paper manufacturing, the sequestration of carbon is reduced increasing

carbon footprint. To cut down the carbon footprint, the university administration and various departments follow paperless methods of communication by using emails, online forms submission, etc. The paperless work was helpful in reducing tons of CO<sub>2</sub>. The tons of biomass are saved by this green computing practice.

#### Solar Electricity Generation

The University has installed a 50KWp capacity Solar Power Plant for electricity generation which produces electricity and sends it to the local grid which is helpful for an electricity bill reduction. Most of the buildings are constructed considering the need for Light and ventilation which reduces the use of electricity. The air conditioners are used only in essential conditions in the laboratories and offices to reduce electricity consumption.

**Solar system installed in the campus:**

Solar Power Generation system costing Rs.56 lakh has been installed in the college premises. The system generates approximately 50 kW on-grid and 10 kW off-grid electricity every month.

Percentage of annual power requirement of the Institution met by the renewable energy sources

Response: 63.21

Annual power requirement met by renewable energy sources (in KWH)

Response: 83348

Total annual power requirement (in KWH)

Response: 131852

Percentage of annual lighting power requirements met through LED bulbs

Response: 50

Annual lighting power requirement met through LED bulbs (in KWH)

Response: 11000

Annual lighting power requirement (in KWH) Response: 22000

**Total Capacity of Solar- 50 Kwp**

## CONCLUSIONS

Green Audit is one of the important tools to check the balance of natural resources and their judicious use. Green auditing is the process of identifying and determining whether institutional practices are eco-friendly and sustainable. It is a process of regular identification, quantification, documenting, reporting and monitoring of environmentally important components in a specified area. The main objective to carry out a green audit is to check the green practices followed by the college and to conduct a well-defined audit report to understand whether the institution is on the track of sustainable development. After completing the audit procedure of the institution for Green Practices, there are the following conclusions, recommendations, and Environmental Management Plan (EMP) which can be followed by the institution in the future for keeping campus environment friendly.

- College takes efforts to dispose of majority of waste by proper methods. Green computing i.e. online payment systems, online circulars, and examination procedures are helpful for reducing the use of papers and ultimately reducing carbon footprint.
- Reducing the use of one-time use plastic bottles, cups, folders, pens, bouquets, decorative items will be useful to solve the problem of plastic pollution to some extent.
- Biodegradable waste is used efficiently for composting and vermicomposting.
- Use of LED lamps and Tube Lights is to be encouraged.

- Toilets and bathrooms are consuming more water in the departments. The replacement of old taps can be beneficial for solving this issue
- The overall ambient air quality on the campus is good while some air quality issues that may arise due to developmental activities on the campus should be addressed. The sound levels on the campus are good.
- Science departments are following the principles of Green Chemistry to reduce chemical waste.

## Key Recommendations & Environment Management Plan (EMP)

Following are some of the key recommendations for improving the campus environment and to be considered as Environment Management Plan (EMP)

- An environmental policy document has to be prepared with all the recommendations and current practices carried by the institution.
- A frequent visit should be conducted to ensure that the generated waste is measured, monitored, and recorded regularly and information should be made available to the administration.
- The College should develop internal procedures to ensure its compliance with environmental legislation and responsibility should be fixed to carry out it in practice.
- The solid waste should be reused or recycled at maximum possible places.
- Installation of sensor-based electrification items like fans, lights, etc. can save electricity
- Regular checkups and maintenance of pipes, overhead tanks, and plumbing systems should be done by the engineering section to reduce overflow, leakages, and corruptions.
- Science laboratories large amount of water goes waste during the process of making distilled water; the system should develop to reuse this water for other purposes.
- The said College is in continuous efforts to spread the environmental awareness programs among staff and students.
- It was also observed that the said institution is keeping the environmental quality at priority in every developmental stage.

### कार्यशाला में "कृत्रिम घोंसला" बना, मनाया राष्ट्रीय पक्षी दिवस

राजनंदगांव। शासकीय दिग्विजय महाविद्यालय में "राष्ट्रीय पक्षी दिवस" के अवसर पर प्राचार्य डॉ. के.एल. टाण्डेकर के मार्गदर्शन में प्राणीशास्त्र विभाग द्वारा 12-11-2022 को महाविद्यालय स्तर पर पक्षियों के कृत्रिम घोंसला निर्माण की कार्यशाला का आयोजन किया गया। शहरीकरण और वनों के विनाश से पक्षियों के आवास नष्ट हो रहे हैं। जिससे उनकी संख्या में कमी आ रही है। प्रदूषित वातावरण में पक्षियों को संरक्षित करने के प्रयास हेतु एक पहल करते हुए, विभाग में दो दिवसीय कार्यशाला एवं प्रदर्शनी का आयोजन किया गया। प्रथम दिन कार्यशाला का उद्घाटन महाविद्यालय के प्राचार्य डॉ. के.एल. टाण्डेकर के द्वारा किया गया। जिसमें उन्होंने स्नातकोत्तर विद्यार्थियों के द्वारा पक्षियों के संरक्षण हेतु इस प्रयास की सराहना करते हुए पर्यावरण प्रदूषण से जंतुओं को होने वाली हानियों से पक्षियों को बचाने के लिए कृत्रिम खोसला निर्माण के सृजनात्मक कार्य को प्रोत्साहित करते हुए बधाई दी। कार्यशाला में "प्रकृति मित्रान" धान सिंह ने छात्र छात्राओं को अनुपयोगी वस्तुओं जैसे पेड़ों की छाल, जूट की बीरियां, रस्सी, परा, डब्बे, कार्ड बोर्ड, कार्टन, पराली, तथा पुराने मटकों आदि को एकत्र कर उनसे विभिन्न प्रकार के घोंसले के निर्माण की विधि बताई। विगत वर्ष भी घोंसला निर्माण पर महाविद्यालय के प्राणी शास्त्र विभाग में दो दिवसीय कार्यशाला का आयोजन किया गया था। छात्र छात्राओं ने महाविद्यालय एवं अपने घरों में कुछ घोंसले लगाकर नियमित अवलोकन किया एवं पाया कि शत-प्रतिशत तो नहीं लेकिन चिड़ियों ने कुछ कृत्रिम घोंसलों में अपना निवास बनाया, एवं दो घोंसलों में तो 4 पीढ़ियों तक इन घोषणा में प्रजनन पाई गई। इसी प्रतिक्रिया को देखते हुए इस वर्ष भी राष्ट्रीय पक्षी दिवस पर कृत्रिम घोंसला निर्माण के लिए प्रयास किया गया। वर्तमान में पक्षियों के संरक्षण के लिए अगर प्रयास नहीं किए गए तो वो दिन दूर नहीं जब ऑगन की गरिया भी दुर्लभ हो जाएगी, कृत्रिम घोंसलों पर महाविद्यालय के स्नातकोत्तर के विद्यार्थी परिषद भी लगातार प्रयासरत है। ग्रीष्मऋतु में भी महाविद्यालय में प्राणीशास्त्र के विद्यार्थियों द्वारा पक्षियों के लिए दाना और पानी के लिए डिब्बे व पात्र रखे गए थे। महाविद्यालय के बहुत से हिस्सों में घोंसले लगाये गए। जो कुछ हद तक सफल सिद्ध हुए। महाविद्यालय के प्राणीशास्त्र विभाग का प्रयास है कि आम लोग पक्षी की महत्त्व को समझे और स्थानीय स्तर पर पक्षियों का संरक्षण करें। इस अवसर पर विभाग के

दिग्विजय महाविद्यालय के प्राणीशास्त्र विभाग में विद्यार्थी दिवस पर मिसाइल मैन को याद किया गया।

शासकीय दिग्विजय सरकारी स्नातकोत्तर महाविद्यालय राजनंदगांव (छ.ग.) के प्राणीशास्त्र विभाग में प्राचार्य डॉ. के.एल. टाण्डेकर की वैररसा व मार्गदर्शन में स्नातकोत्तर स्तर के विद्यार्थियों द्वारा 'सिद्ध विद्यार्थी दिवस' भारत के मिसाइल मैन डॉ. ए.पी.जे. अब्दुल कलाम के जन्म दिवस पर याद किया। प्राणीशास्त्र विभाग की विभागाध्यक्ष डॉ. किरण लता दामले ने मिसाइल मैन डॉ. ए.पी.जे. अब्दुल कलाम का परिचय देते हुए देश में बने परमाणु हथियारों के निर्माण व विकास में उनके योगदान पर प्रशंसा जताया। प्राचार्य डॉ. के.एल. टाण्डेकर ने पक्षी दिवसों के उद्देश्य पर विस्तारपूर्वक बर्ता की। विभाग के सह. प्रा. डॉ. मजिद अली ने मिसाइल मैन के जीवन से जुड़ी रोचक किस्से को बताते हुए विद्यार्थियों को उनके अवलोकन की जीवन में उदात्तने हेतु प्रेरित किया। व छात्र-छात्राओं के लिए प्रश्नोत्तर प्रतियोगिता का आयोजन किया एवं प्रतिभागियों को प्रमाण पत्र का वितरण भी किया गया। इस अवसर पर प्राणीशास्त्र विभाग के सह. प्राध्यापक डॉ. मजिद अली, गुरुजी सिंग भारद्वाज, विरराज पाठेड़, करुणा रावटे, महेका साठेकर, रूपाली पाठेड़ व अन्य विभाग के प्राध्यापक एवं छात्र-छात्राएं उपस्थित रहे।

पर्यावरण संरक्षण जागरूकता कार्यक्रम का आयोजन

पर्यावरण संरक्षण जागरूकता कार्यक्रम का आयोजन शासकीय दिग्विजय महाविद्यालय के समाजवादी एवं समाज कार्य विभाग के विद्यार्थियों द्वारा ग्राम गढ़ुसा में किया गया। उक्त कार्यक्रम महाविद्यालय के प्राचार्य डॉ. के. एल. टाण्डेकर के निर्देशन एवं समाजशास्त्र विभागाध्यक्ष डॉ. ए.के. मंडावी तथा समाज कार्य विभाग अध्यक्ष श्रीमती रजिता साहू के मार्गदर्शन में किया गया। कार्यक्रम में महाविद्यालय के विद्यार्थियों एवं ग्राम गढ़ुसा के स्कूल के विद्यार्थियों द्वारा ग्राम भ्रमण किया गया। समाज कार्य विभाग के विद्यार्थियों द्वारा पर्यावरण जागरूकता हेतु नुकसंद नाटक का आयोजन किया गया। साथ ही पोस्टर प्रदर्शन एवं निबंध प्रतियोगिता का आयोजन किया गया एवं पुरस्कार वितरण भी किया गया। कार्यक्रम में शासकीय हाई स्कूल गढ़ुसा के प्राचार्य श्रीमती रेणुका नामदेव तथा अन्य शिक्षक गण उपस्थित रहे। सरपंच संघ के अध्यक्ष श्री नोबेरा वर्मा ए ग्राम गढ़ुसा के सरपंच श्री गौरव मोरकण एग्राम प्रमुख श्री दिनेश्वर साहू एवं सांघ प्रतिनिधि श्री हेमपाल साहू के अतिरिक्त अन्य गणमान्य व्यक्ति भी उपस्थित रहे। महाविद्यालय से डॉ. पियंका सोहिणिए तारिणी साहू ए इस्करार खान भी उपस्थित रहे।

### दिविजय में गैस रिसाव से बचाव पर एक दिवसीय कार्यशाला का आयोजन

शासकीय दिविजय महाविद्यालय राजनांदगांव के प्राचार्य डॉ. के. एल. टांडेकर के मार्गदर्शन तथा रसायनशास्त्र के विभागाध्यक्ष प्रोफेसर युनुस रज बेंग के निर्देशन में एलपीजी गैस सेफ्टी पर आधारित एकदिवसीय कार्यशाला का आयोजन किया गया। एकदिवसीय कार्यशाला में उपस्थित रहे श्री रुपेश राठौर, डिवाजन हेड, एलपीजी इंडेन गैस) श्री निर्मल महेश्वरी भिलाई क्षेत्र प्रबंधक (एलपीजी गैस) तथा कार्यशाला के मुख्य विशेषज्ञ श्री नरेन्द्र जैन जी, होम प्राइड गैस वितरक है। प्राचार्य डॉ. के. एल. टांडेकर द्वारा स्वागत उद्बोधन में इस कार्यशाला के महत्ता के बारे में बताया कि प्रत्येक घरों में उपयोग किये जाने वाले गैस सिलेंडर के कारण होने वाले दुर्घटना से बचने के लिए और लोगों को इससे जागरूक करने कि कितनी आवश्यकता है साथ ही वे भी जानकारी दी गई कि उक्त कार्यशाला के विशेषज्ञ श्री नरेन्द्र जैन के द्वारा इस प्रकार कि कार्यशाला का आयोजन किया जाता रहा है स कार्यशाला के मुख्य अतिथि श्री निर्मल महेश्वरी द्वारा बताया गया कि उनके कंपनी इंडियन आयल देश कि महारज कंपनियों में शामिल सबसे बड़ी कंपनी है किनका एक एंटेरेप वे भी है कि जवादा से ज्यादा नागरिकों को जोड़ना है जिसमें गैस सेफ्टी एक महत्वपूर्ण कदम है। कार्यशाला की अगली कड़ी में श्री नरेन्द्र जैन द्वारा गैस के रिसाव होने पर किस प्रकार बचा जा सकता है इसका लाइव डेमोन्स्ट्रेशन दिखाया गया जिसे विद्यार्थी द्वारा बड़े ही उत्सुकता के साथ देखा गया जिसमें वे दिखाया गया कि जब गैस सिलिंडर में सीपी आग लग जाए तो गिले कपड़े से किस प्रकार बुझाया जा सकता है इसके साथ ही और छोटी छोटी जानकारी भी जैन जी द्वारा बताई गई जो अत्यंत आवश्यक होता है। उक्त कार्यशाला में प्रेस कि तरह से आकाशवाणी के प्रतिनिधि के रूप में श्री धरमलानन्द रजक, रसायन शास्त्र विभाग के समस्त प्राध्यापक एम.एससी, रसायन शास्त्र एवं बी.एससी. के विद्यार्थी उपस्थित रहे।

### मांहेला प्रकोष्ठ व पुलिस विभाग के संयुक्त तत्वाधान में हमर बेटों हमर मान विषयक कार्यक्रम का आयोजन

महाविद्यालय के प्राचार्य आदरणीय डॉ. के. एल. टांडेकर के निर्देशन एवं महिला प्रकोष्ठ की संयोजिका डॉ. मीना प्रसाद के नेतृत्व में महिला प्रकोष्ठ व पुलिस विभाग के संयुक्त तत्वाधान में हमर बेटों हमर मान विषयक कार्यक्रम का आयोजन किया गया जिसमें अतिथि के रूप में श्री प्रमोद ठाकुर जी, पुलिस अधीक्षक राजनांदगांव श्रीमती पद्मश्री तवर जी, सहायक पुलिस अधीक्षक राजनांदगांव राजनांदगांव तथा श्रीमती मेहा धर्मा जी, उप पुलिस अधीक्षक राजनांदगांव उपस्थित रहेस श्री प्रमोद ठाकुर जी ने सोशल मीडिया के द्वारा होने वाले साइबर अट्रैक को सव घटना से समझाया इसके अलावा छात्राओं को जागरूक करने, सोशल मीडिया के कम इस्तेमाल तथा अभिव्यक्ति ऐप की जानकारी प्रदान की। उन्होंने छात्राओं को चातपात के निपटों का पालन करने की आवश्यकता पर भी बला दिया तथा उन्हें जीवन में सतत सकारात्मक रह कर परिश्रम करते हुए आगे बढ़ने की प्रेरणा दी। पुलिस अधीक्षक महोदय ने कहा कि पुलिस जनता की मित्र होती है अतः आप सभी छात्राएं आवश्यक होने पर पुलिस सहायता प्राप्त करने से ना घबरार। श्रीमती पद्मश्री तवर जी ने छात्राओं को सतर्क रहने तथा सोशल मीडिया से दूरी बनाए रखने को कहा तथा अपराध का शिकार होने पर ना घबरार एवं पुलिस सहायता प्राप्त करने का परामर्श दिया स उक्त कार्यक्रम का संचालन डॉ. दिव्या देवायॉडे ने किया तथा आभार व्यक्त डॉ. मीना प्रसाद के द्वारा किया गया। इस कार्यक्रम में महिला प्रकोष्ठ की सभी सदस्य तथा भारी संख्या में छात्राएं उपस्थित रही।

### विश्व एड्स दिवस पखवाड़ा का शुभारंभ

शासकीय दिविजय महाविद्यालय राजनांदगांव में आयुक्त उच्च शिक्षा विभाग के आदेशानुसार एवं संस्था के प्राचार्य डॉ. के. एल. टांडेकर के निर्देशन एवं मार्गदर्शन में 1 दिसंबर 2022 को पूरा रेंड ऑफ, रेंड रिचन क्लब एवं राष्ट्रीय सेवा योजना के संयुक्त तत्वाधान में विश्व एड्स दिवस का आयोजन किया गया, साथ ही विश्व एड्स दिवस पखवाड़ा का शुभारंभ किया गया। कार्यक्रम में मुख्य वक्ता डॉ. भारती साहू एवं डॉ. ऊतुल वैपरी, शासकीय डॉक्टर कोविड राजनांदगांव ने विद्यार्थियों को एड्स रोग होने के कारण, परिणाम, लक्ष्य एवं एड्स रोग से बचने के उपाय से संबंधित विभिन्न जानकारी प्रदान किए एवं उन्हें जागरूक किए। प्राचार्य डॉ. के. एल. टांडेकर ने विद्यार्थियों को संबोधित करते हुए विश्व एड्स दिवस का आयोजन करे और कहीं इसकी शुरुआत हुई, इस संबंध में महत्वपूर्ण जानकारी प्रदान किये एवं बच्चों को एड्स रोग से संबंधित विभिन्न प्रश्न पूछे तथा सही उत्तर देने वाले विद्यार्थियों को प्राचार्य द्वारा पुरस्कार भी प्रदान किया गया। व्याख्यान के पश्चात विद्यार्थियों द्वारा गहर में लोगों को जागरूक करने के लिए एड्स जागरूकता रैली भी निकारी गई जो महाविद्यालय प्रांगण से शुरू होकर दुर्गा चैक, मानव मंदिर चैक और जखार चैक होते हुए महाविद्यालय में समाप्त हुआ। तत्पश्चात महाविद्यालय परिसर में एड्स जागरूकता संबंधी नुककड़ नाटक का मंचन भी किया गया। कार्यक्रम का संचालन प्रोफेसर संजय देवागन, संगीतज्ञ, पूरा रेंड ऑफ द्वारा किया गया। कार्यक्रम को सफल बनाने में डॉ. वंदना मिश्रा, संयोजक रेंड रिचन क्लब, प्रो. संजय सक्ती कार्यक्रम अधिकारी, डॉ. त्रिपंका सिंह, प्रो. कल्या रावटे, डॉ. अश्विनी धर्मा, प्रो. राशिनी पराठी एवं उपस्थित 150 विद्यार्थियों का महत्वपूर्ण योगदान रहा।

## अन्तराष्ट्रीय बालिका दिवस जागरूकता कार्यक्रम

अन्तराष्ट्रीय बालिका दिवस के अवसर पर राजनांदगांव के जिला स्वास्थ्य समिति द्वारा कार्यक्रम का आयोजन किया गया इस कार्यक्रम में शासकीय दिग्विजय महाविद्यालय के प्राचार्य डॉ. के.एल.टांडेकर के मार्गदर्शन में महाविद्यालय के दो सहायक प्राध्यापक डॉ. बी.एन.जागृत तथा महिला प्रकोष्ठ की संयोजिका डॉ. मीना प्रसाद उपस्थित हुईं। अंतराष्ट्रीय बालिका दिवस 2022 की थीम " अब हमारा समय है - हमारे अधिकार हमारे भविष्य है" पर अपने उद्घोषण में डॉ. बी.एन.जागृत ने कहा कि एक बच्ची के जन्म से लेकर परिवार में उसकी स्थिति शिक्षा के अधिकार करियर में महिलाओं के विकास में आने वाली बाधाओं को दूर करने के लिए जागरूकता फैलाना ही इस कार्यक्रम का मुख्य उद्देश्य होना चाहिए।

डॉ. मीना प्रसाद ने कहा कि इस कार्यक्रम का मुख्य उद्देश्य महिलाओं के सामने आने वाली चुनौतियों और उनके अधिकारों के संरक्षण महिला पुरुष अनुपात के विषय में लोगों को जागरूक करना है। साथ ही महिलाओं को आत्मनिर्भर बनाना है ताकि महिलाएँ भी देश और समाज के विकास में योगदान दे सकें। इस अवसर पर स्वास्थ्य एवं परिवार कल्याण विभाग जिला राजनांदगांव के डॉ. ए.के. बसोड मुख्य चिकित्सा स्वास्थ्य अधिकार, डॉ. बी.एल. तुलावी चिकित्सा टीकाकरण अधिकारी, सी. गिरिश कुरें, डॉ. सेहा जैन एवं अन्य सदस्यों की उपस्थिति में महाविद्यालय की छात्राओं योगिता साहू एम.ए. हिन्दी, भूमिका बागडे, एम.ए. अर्थशास्त्र, देविका देवोंगन एम.कॉम., जमुना चन्द्रवंशी विज्ञान, नुसरत परवीन एम.एस.सी. विज्ञान तथा महाविद्यालय की सहायक प्राध्यापक डॉ. मीना प्रसाद को उल्लेखनीय कार्य करने हेतु प्रशस्ति पत्र प्रदान कर सम्मानित किया गया।

## दिग्विजय महाविद्यालय में ओजोन डे के उपलक्ष्य में पोस्टर एवं रंगोली प्रतियोगिता का आयोजन

शासकीय दिग्विजय महाविद्यालय में 19 सितंबर ओजोन डे के उपलक्ष्य में आज दिनांक 13/09/2022 को महाविद्यालय के प्राचार्य डॉ. के.एल. टांडेकर के मार्गदर्शन में पोस्टर एवं रंगोली प्रतियोगिता का आयोजन किया गया पा पोस्टर प्रतियोगिता का टॉपिक मॉड्युलर प्रोटेक्शन ग्लोबल वॉर्मिंग कोरपोरेट प्रोटेस्टिंग लाइव ऑन अर्थ था। इस अवसर पर विद्यार्थियों द्वारा धरती के सुरक्षा कचम और ओजोन लेयर पर पोस्टर बनाया गया तथा अपने पोस्टर के द्वारा जागरूकता फैलाया गया। इस अवसर पर महाविद्यालय के प्राचार्य डॉ. के.एल. टांडेकर ने प्रतिभागियों को संबोधित करते हुए ओजोन लेयर की उपयोगिता और आवश्यकता पर जोर दिया एवं विद्यार्थियों को शुभकामनाएं प्रेषित किया। इस प्रतियोगिता में रजनी साहू बीएससी बायो फर्स्ट ईयर ने प्रथम स्थान प्राप्त किया एवं मीनिका साहू एमएससी प्रीविमस, काजल साहू एमएससी फाइनल ने संयुक्त रूप से द्वितीय स्थान प्राप्त किया एवं प्रमति साहू बीएससी फार्म ईयर, दुर्गा मिश्रा ने संयुक्त रूप से तृतीय स्थान प्राप्त किया। उक्त प्रतियोगिता के निर्वाचक डॉ. अमिता शंकर, डॉ. विश्वक कुमार एवं डॉ. माजिद अली रहे। इस अवसर पर रसायन शास्त्र विभाग के विभागाध्यक्ष श्री मुस्तु रज्जु बेरा एवं कोऑर्डिनेटर डॉ. अश्विनी कुमार प्राम, श्रीमती रीमा साहू एवं अन्य शिक्षक गण उपस्थित थे।

## दिग्विजय महाविद्यालय में स्पीच, हियोरिंग एवं साइन लैंग्वेज पर कार्यशाला

शासकीय दिग्विजय स्वास्ती सातकोतर महाविद्यालय राजनांदगांव (छ.ग.) में प्राणीशास्त्र विभाग एवं दिव्यांगजन पुनर्वास हेतु समर्पित, क्षैत्रिय संयोजित केन्द्र (CRC) राजनांदगांव के संयुक्त तलाधान एवं महाविद्यालय के प्राचार्य डॉ. के.एल.टांडेकर की निररणा व मार्गदर्शन में 'अंतराष्ट्रीय दिव्यांगजन सजाक' के अन्तर्गत दो दिवसीय जागरूकता कार्यक्रम का आयोजन किया गया। प्राणीशास्त्र विभाग की विभागाध्यक्ष डॉ. किरण लता दामले ने ब्रह्म संस्था का परिचय देते हुए इसके पुनीत उद्देश्य दिव्यांगजन के विकास हेतु किए जा रहे प्रयास पर प्रकाश डाला। प्राचार्य डॉ. के.एल.टांडेकर ने दो दिवसीय जागरूकता कार्यक्रम की आवश्यकता पर हिसारपूर्वक चर्चा की। ब्रह्म की सहा प्रा. श्रीमति स्मिता महोदिया द्वारा मूक-बधिर दिव्यांगजन के लिए स्वीच, हियोरिंग एवं साइन लैंग्वेज के प्रयोग पर सैन, पोस्टर एवं प्रोजेक्टर के माध्यम से रुचिकर व्याख्यान दिया गया। छात्र-छात्राओं के लिए प्रश्नचक्र प्रतियोगिता का आयोजन किया एवं प्रतिभागियों को प्रमाण पत्र का वितरण भी किया गया। इस अवसर पर प्राणीशास्त्र विभाग के सहा. प्राध्यापक डॉ. माजिद अली, चिरंजीव पाण्डे, करुणा रावटे, महेश लाडिकर, रूपाली पाण्डे व अन्य विभाग के प्राध्यापक एवं छात्र-छात्राएँ उपस्थित रहे।

## EXHIBIT GREEN HABITS:

The college administration, should engage its resources in exhibiting Green Habits as discussed.

**Best Ways to Reduce Your CARBON FOOTPRINT**

Plant a tree, they tell you. While it's great advice, it's not always the most practical. And you can follow these easy tips to reduce your carbon footprint a little more every day.

- 1 GO FOR A STROLL..**  
Walking, biking, and using public transit are all great alternatives to driving. They'll save the environment and your wallet from a little extra stress.
- 2 KEEP IT CLEAN**  
Freeing your vehicle from the heavy pile of junk is the best way to lighten it up. That weight here will help your vehicle drive a little longer between fuel stops.
- 3 POOL IT TOGETHER**  
Carpooling is one of the best ways to save your carbon footprint, so make sure there's always a ride together.
- 4 MAINTAIN TO SUSTAIN**  
Keeping your vehicle in top shape is the best way to reduce your carbon footprint. It helps your car run a little smoother and a little greener.
- 5 SLOW YOUR ROLL**  
Driving a little slower and a little more carefully isn't only safer for you and other drivers on the road, it also considerably increases fuel efficiency in your vehicle. So slow it down, people.

With some extra care, you'll help the air stay a little cleaner, and you'll be able to think of a hundred more ways to go green today. Reducing your carbon footprint is easy when you think green thoughts.

**WAYS TO REDUCE YOUR CARBON FOOTPRINT**

- 1 LITTER FREE LUNCH BOXES**  
Play it safe: little plastic bags and wrappers in your lunchbox are possible.
- 2 REDUCE**  
Think, do you really need more toys or items that will one day end up as landfill?
- 3 PLANT MORE TREES**  
If you can, plant new trees in your garden.
- 4 MAKE EVERY DROP COUNT**  
Turn off the tap when brushing your teeth or washing your hands and have quick showers.
- 5 RECYCLE**  
Make sure you put any products that can be recycled in the recycling bin.
- 6 REDUCE ENERGY USE**  
Turn off all electrical appliances when you are not using them.
- 7 REUSE OR REPAIR**  
Can you reuse something again or in a different way? If it is broken, see if it can be fixed before throwing it away and buying a new one.
- 8 CHANGE YOUR TRANSPORTATION**  
Ride your bike or walk instead of taking the car.

---

Govt. Digvijay Autonomous PG College, Rajnandgaon College Is Already Having Iso-9001:2015 And Iso 14001:2015 Certified, It Is Positive Status, That They Have Team Of Experienced Staff And Teachers, Who Can Implements And Maintain Energy Management System In The College Easily, During Virtual Audit It Was Observed, Staff Needs More Orientation For Enms For Proper Inducting It In Integration With Other Management Systems. Enms Team Should Spread The Message Of Energy Conservation In The College Staff And Students.

We Are Glad To Declare That Govt. Digvijay Autonomous Pg College, Is An Environment-Friendly College Along With Many Green Development Processes That Are Fairly Practiced By The Instution.

DEPARTMENT OF CHEMISTRY  
GOVT. DIGVIJAY PG AUTONOMOUS COLLEGE, RAJNANDGAON  
M.Sc. CHEMISTRY

Semester IV

2022-23

Paper - II

PCHCT-402

ENVIRONMENTAL CHEMISTRY

Max. Marks : 80

Min. Marks : 16

**Unit - I A. Environment**

Introduction, composition of atmosphere, vertical temperature budget of the earth atmosphere system, vertical stability atmosphere. Biogeochemical cycles of C.N.P.S. and biodistribution of elements.

**Unit - II Hydrosphere**

Chemical composition of water bodies, Hydrological cycle. Aquatic pollution inorganic organic pesticide, agricultural, industrial & sewage, detergent, oil spill and oil pollutants, water quantity parameter dissolved oxygen, biochemical oxygen demand, solid metal, content of chloride, sulphate, nitrate and microorganism, water quality standards. Analytical method for measuring BOD.D.O.COD, residual chloride and chloride demand. Purification and treatment of water.

**Solids**

Composition, micro, and macro nutrient, pollutants waste treatment.

**Unit - III Atmosphere**

chemical composition of atmosphere, chemical and photochemical reaction in atmosphere, smog formation, oxides of Nox and their effect, pollution by chemicals, VOC'S chloroflouro hydro carbons. Green house effect, acid rain, air pollution controls

B.Y

**Unit - IV Industrial pollution**

Cement, distillery, paper and pulp, thermal power, plants, nuclear power plants.

**Environmental Toxicology**

Chemical solution to environmental problems, biodegradability, principles of decomposition, better industrial processes, Bhopal gas tragedy.

### About the college:

Late Mahant Raja Digvijay Das, a great visionary of higher education laid the foundation of Government Digvijay Autonomous PG College in the year 1957 by donating his palace along with the huge cash for this noble cause. The college has succeeded in full filling his dream a providing quality education to the people of this backward region at their door-steps. This is clearly reflected in hundred of its distinguished alumni who adorn position of all prominence in all walks of life.

This college was conferred autonomous college status by the UGC in 1993. It got the status of college with potential Excellence (CPE) of the UGC in 2009 The college celebrated Diamond Jubilee Ceremony in the year of 2017. Digvijay College has 22 Department with UG Level and 18 Department with P.G. Level and 10 Subjects with Research Centers.

### About the Department:

Department of Zoology was established in 1962 with Graduation Level, which remained till 1981. From 1982, the department got Postgraduate level. The museum of Zoology has more than 500 Species in which many of them are rare species. The laboratory is well equipped with modern upgraded instruments and Internet Facility. There are two research guides in the Department of Zoology. This is proud movement for the Department having a list of Alumniees appointed to higher categories of Govt. and Privet sectors, like Dist. Judge, Deputy Collector, DSP, Asst. Professor, and Scientist etc. Biodiversity and Wildlife conservation awareness program, workshops, Seminar, Lecture and other various activities are being conducted continuously by the department. The theme of Department is "Save Wildlife"

शासकीय दिग्विजय महा. राजनांदगांव (छ.ग.)

विषय : विश्व पर्यावरण दिवस (5 जून) 2022 के अवसर पर तीनदिवसीय राष्ट्रीय सेमिनार की अनुमति बाबत।

महोदय,

विषयान्तर्गत अनुरोध है कि दिनांक 5 जून 2022 को विश्व पर्यावरण दिवस है प्राणीशास्त्र के विभाग द्वारा इस दिवस पर तीन दिवसीय आनलाईन राष्ट्रीय सेमिनार आयोजित करने का निर्णय लिया गया है।

महोदय इस सेमिनार में आमंत्रित रिसोर्स पर्सन एवं प्रचार प्रसार हेतु बैनर बनाने की आवश्यकता है और इन सभी पर लगभग राशि 4000रु खर्च होने का अनुमान है।

अतः आपसे विनम्र अनुरोध है कि उक्त आनलाईन सेमिनार को आयोजित करने एवं उसमें होने वाले खर्च हेतु अनुमति प्रदान करने का कष्ट करें।

धन्यवाद,

दिनांक : 23.05.2022

स्थान : राजनांदगांव

अनुमति दी जाती है

सवेरा संकेत

# पर्यावरण को लेकर विशेषज्ञों ने जतायी चिंता

## दिग्विजय कॉलेज में हुआ राष्ट्रीय वेबिनार

राजनांदगांव। शासकीय दिग्विजय स्वशासी उच्चतर महाविद्यालय के प्राणीशास्त्र विभाग, आईक्यूएसी, विज्ञान क्लब एवं पंचवेली पीजी महाविद्यालय, परासिया, जिला छिंदवाड़ा के कोलाबोरेशन में प्राचार्य डॉ. केएल टांडेकर की प्रेरणा व संरक्षण में तीन दिवसीय राष्ट्रीय ऑनलाइन संगोष्ठी का आयोजन विश्व पर्यावरण दिवस के अवसर पर किया गया। प्राकृतिक संसाधनों के संरक्षण और सतत विकास थीम पर यह वेबिनार आयोजित किया गया।

विश्व पर्यावरण दिवस को मनाने का उद्देश्य लोगों को पर्यावरण के प्रति जागरूक करना है। पर्यावरण संकट की ओर लोगों का ध्यान आकर्षित करने और इस संकट के बारे में लोगों को याद दिलाने के लिए पर्यावरण दिवस मनाया जाता है। भारत के विभिन्न राज्यों से पर्यावरण से जुड़े वैज्ञानिकगण वेबिनार में शामिल हुए। मुख्य अतिथि हेमचंद्र यादव विश्वविद्यालय दुर्गा की कुलपति डॉ. अरूणा पलटा द्वारा इस ज्वलंत विषय पर इस राष्ट्रीय ऑनलाइन संगोष्ठी के माध्यम से जागरूकता के लिए दिग्विजय कॉलेज की पूरी टीम को शुभकामनाएं दी। श्रीमती उषा ठाकुर विभागाध्यक्ष प्राणीशास्त्र द्वारा स्वागत भाषण दिया गया। प्राचार्य डॉ. केएल टांडेकर ने शुभकामनाएं दी।

मुख्य भाषण में डॉ. पंजाब राव चंदेलकर, प्राचार्य शासकीय पंचवेली पीजी महाविद्यालय परासिया, जिला छिंदवाड़ा ने जैव विविधता के बारे में बताया और जैव विविधता में विलुप्त होने वाले प्राणियों के बारे में विस्तृत जानकारी दी। आलोक तिवारी (आईपीएस) डीएसएफ नवा रायपुर ने जल के स्रोत, उपयोग, वनों को कटाई और इसके संरक्षण सहित जल संरक्षण विषय पर चर्चा की। डॉ. एलपी नागपुरकर ने टिकाऊ भविष्य के लिए अनुकूलन और प्रवासन पहल के माध्यम से जलवायु परिवर्तन और चिंता पर बहुमूल्य बातचीत की। उन्होंने टिकाऊ भविष्य के लिए जलवायु परिवर्तन पर अपना व्याख्यान दिया। उन्होंने भविष्य में स्थिरता को बदलने के लिए 17 लक्ष्यों और सात संचालन सिद्धांतों के बारे में चर्चा की। निश्चित रूप से ग्लोबल वार्मिंग खाद्य स्थिरता और भोजन के उत्पादन को प्रभावित करती है, इस प्रकार जनसंख्या, समाज और मानव विविधता की स्थिरता को प्रभावित करती है, जिसके अभाव में वन्यजीव अपराध बढ़ रहा है।

डॉ. संजय ठोसके ने पर्यावरण संरक्षण के बारे में अपने विचार साझा किए। वह पर्यावरण को प्रभावित करने वाली विभिन्न समस्याओं सहित ग्लोबल वार्मिंग, जैव विविधता

असंतुलन, पशु मानव अनुपात, वनों की कटाई, शहरीकरण के विभिन्न पहलुओं के बारे में बात की। डॉ. माजिद अली ने वन्यजीव संरक्षण अधिनियम 1972 पेश किया एवं इसकी जरूरत और कार्यान्वयन पर विस्तार पूरक चर्चा की। मंच संचालन में डॉ. किरण लता दामले, डॉ. संजय ठोसके एवं डॉ. माजिद अली का योगदान रहा। इस तीन दिवसीय राष्ट्रीय ऑनलाइन संगोष्ठी को सफल बनाने में महाविद्यालय की तकनीकी टीम के आशीष मांडले व नादिर इकबाल ने तकनीकी समर्थन दिया।

गोकुल निषाद, रसायन विज्ञान संकाय, चिरंजीव पांडे, प्राणी विज्ञान संकाय और प्राणीशास्त्र के एमएससी के छात्र, एनसीसी कैडेट ने इस वेबिनार को सफल बनाने के लिए अपनी सक्रिय भागीदारी एवं सहयोग दिया। भारत के विभिन्न राज्यों से लगभग 600 से अधिक के प्रतिनिधि जिसमें जम्मू, महाराष्ट्र, मध्य प्रदेश, कर्नाटक, यूपी, मिजोरम और मेघालय, और छत्तीसगढ़ के आंतरिक क्षेत्र से वेबिनार में पंजीकृत हुए। औसत 75 प्रतिनिधि यूट्यूब चैनल से लाइव जुड़े। टीम के शिक्षकों, छात्रों, आयोजकों ने इसे संभव बनाने के लिए, उनके प्रयास और कड़ी मेहनत कर इस वेबिनार को सार्थक बनाया।
