Best Practices 1:

Title of the Practice: Fulfilment of Social Responsibilities

Objectives of the Practice:

- 1) To inculcate social awareness, values and responsible behaviour amongst students.
- 2) To nurture students as responsible citizens with moral, ethical and social values so as to provide service to the society through co-curricular activities and discharge their obligations towards society.
- 3) To create awareness among students and staff towards our responsibility for societal development.
- 4) To develop Ethical and Moral Values and Empathy among youth.
- 5) To equip students through value-based education with a vision to uplift society and create a civilization of love.

The Context: Today's youth is tomorrow's nation, and that youth is our students. Students play a very significant and vital role in society and they are an active instrument in shaping the society generation after generations. This is a crucial period for a student because it sows seeds for his future life. Education enables the student to understand within himself his strengths and potential. Keeping that in mind, our institution engages the students in various social activities to inculcate in them the feeling of responsibility towards society.

The Practice: The institution, through its agencies like; NCC, NSS, Youth Red Cross, organizes various activities, and engages students in community services:

Regular Health Check-up- The NCC unit of the Institute organizes regular Health Check-ups for students, faculty members and the community.
